- Foamex South Australia - 15 Peachey Rd, Edinburgh North SA T: 08 8349 9919

Or, email us at [sales@foamex.com.au](mailto:sales@foamex.com.au)

Allowed Drop off times are Monday – Friday 8.00am – 2.00pm (Excluding Public Holidays)

# 2

You will be asked if the polystyrene you intend to drop off is 100% clean. It must be free of any contamination, cardboard, sticky tape and any food particle contaminants. Please note contaminated polystyrene CANNOT be accepted. If you can confirm the polystyrene you intend to drop off is 100% clean you will be provided with instructions to the closest drop off point.

# 3

A local Foamex employee will meet you at the respective drop off point to confirm your polystyrene is 100% clean. We will then unlock the cage to permit your drop off.

We appreciate your understanding of this stringent process we need to follow. This is required to ensure that what you return can be fully recycled back into new product that we use for sustainable building and construction.
